FROM THE PRESIDENT

Dear NUTS Members,

I would like to start off by saying thanks for electing me as President of the NUTS Club for 1993. I will try my best to do a good job as President during the coming year. I would also like to thank Ralph and all the others who did such a fine job last year. Their time and efforts were greatly appreciated.

The Christmas Dinner was a big success! To those unable to attend, you missed out on good food and great prizes. Remember, attending more meetings in 1993 means more tickets for this year's drawing.

This month we will be watching a tape on the Treasure of the Atocha. The Atocha was a Spanish Galleon which sank off the coast of Florida in 1622. In 1973 the wreck was discovered by Mel Fisher. This treasure has been estimated to be worth $450 million. The video will be sure to give you gold fever!

During this coming year I challenge all club members to become more involved in NUTS. It is easy to sit back and wait for great things to happen. I have been guilty of this myself and pledge to do better. Plan to attend more meetings. Try to make it out to one or more of the trips, or better yet try to plan and arrange a trip. Bring a new member to club. Contribute to the Newsletter.

I would be grateful for any suggestions for club activities or improvements.

Let's all work together to make 1993 a great year for NUTS.

See you at the meetings!

Bill Brown

PROFILES

PRESIDENT BILL BROWN

Our new president, Bill Brown lives in Salt Lake. Bill is single. He was raised in Orem, and works at Tooele Army Depot. Bill has been a NUTS Club member for several years.

Bill enjoys fishing and hunting, but his favorites are prospecting and hunting with his metal detector. He is especially interested in Fairfield and Camp Floyd.

We are off to a flying start with Bill's enthusiasm for the club!

TREASURER JOLENE HENDERSON

This is Jolene's second year as club treasurer, and we are lucky to have her in this position.

Jolene lives in West Valley City, grew up right in the same area. Her special interest is antiques. She loves digging!! Jolene has been in the club for about 4 years.

January 1993

Dear Club Members:

I'm sorry that I was unable to attend the Christmas Dinner to accept the Edith Attebury Award. I had to be at work listening to customers say why they love or hate UPS service. When Joe brought the plaque home, I was both honored and very surprised. I would like to express my appreciation to the Editor for selecting my article. Thank you.

Our digging days have come to a screeching halt due to the inability to pierce the frozen ground without the aid of a jack hammer!! And, by the looks of things outside, we should take up skiing.

Over the New Year's Holiday we did manage to escape the "white stuff" and drive to Phoenix. We stopped at every antique shop on the way. So many things to see!! Phoenix was a little slice of heaven with its green grass, trees with green leaves, and SUNSHINE (for those who have forgotten, that's the big ball in the sky).

As we drove home, we would occasionally pass through a small town. Joe's first thought was--where's the old dumps? Seeing all that dirt that was <u>not</u> frozen made us both eager to be able to go play in the dirt!!

As we left Arizona and continued our drive through Utah, the "white stuff" began to dominate the landscape. Yucky-doo!!! AND, it's still coming down. Now we sit here with snow up to our "ears" having traded our digging shovels for snow shovels and yearning for the day when the shaking of the old trusty screen can be heard echoing down the canyons and the dust can be seen for miles_____
